

## Solutions Oriented Learning Storylines: Coastal Hazards

January 25, 27 & 28, 2021 | 4:00 PM to 6:00 PM

**Attention all K-12 Formal Educators!**

Join Pacific Education Institute (PEI) and our ClimeTime partners to take a deep dive into coastal hazards in Washington. Participants will learn about the Solutions Oriented Learning Storyline format, which includes: local anchoring phenomena, culturally responsive practices, NGSS three-dimensional student growth measures, and a solutions-oriented approach to adapting to climate change with opportunities to elevate student voices in their communities.

This workshop is part of a series of activities that includes three online Zoom sessions, three self-paced learning opportunities on Google Classroom, and providing feedback on the storyline as you implement it.

Participants who attend all three online sessions and complete all associated work on Google Classroom\* will receive:

- A \$80 participation stipend
- 9 STEM Washington State Approved Clock Hours

*\*To access part of this workshop, you will need to have or open a Google account (not associated with your school district).*

**REGISTER  
for FREE!**

**Online Zoom Workshop: You will receive a link to the workshop after you register.**
